BATTERY OPHTHALMOSCOPE

Description

Ophthalmoscope + battery handle

Set complete with:

- Ophthalmoscope
- Battery Handle
- 1 spare bulb for XHL version
- Hard Case

Features

- Superior aspherical optics with XHL illumination
- Exclusive dustproof design protects the precision optical components and ensures maintenance-free operation.
- Aspherical optical system
- Aluminium frame system
- Eliminates corneal reflex
- Ideal for small pupils
- Exclusive dustproof design protects the precision optical components and ensures maintenance-free operation. The BETA 200 / 200S Ophthalmoscopes are the only instruments with an aluminium frame system. Optical components are flush-mounted on a cast aluminum frame, eliminating misalignment and making the instrument shock-resistant. XHL Xenon Halogen bulb with bright illumination and authentic colour rendering.
- Ophthalmoscope accommodates higher refractive errors with a 28 single lenses Rekoss Disc and features a 74 single step design on a non-continuous wheel avoiding extreme diopter jumps (-36D to +38D) .
- Exclusive continuous brightness control between 100 % and 3 with one-finger operation.
- No stray light due to the recessed, multi-coated viewing window – eliminates distractions.
- Precise one-hand control of the instrument. Ergonomic design offers flexibility while examining.
- Suitable for large as well as small or undilated pupils.
- Ergonomic design fits the orbita comfortably, and blocks out ambient light.

Battery Handle 2.5 V

- Battery handle (batteries not included; appropriate batteries: IEC LR14)
