

CRASH CART

Crash Cart, Code Cart, Max Cart

Emergency Cart satisfies organization and storage needs in hospitals and is equipped with devices and accessories required in situations such as Cardiopulmonary Resuscitation to meet life support protocol during medical emergency. The EX Series features particularly the armor like aluminum frame designed to resist bumping during operation and it gives user a solid feel to it.

In terms of customization, offers an abundance of accessories for urgent scenarios ranging from Defibrillator Shelf to Oxygen Tank Holder for you to select from, and with EX Series Fixed-height Accessory Mount, no tool is required when attaching accessory on the cart.

As a result, our Emergency Cart can be configured to meet any specific need in an emergency department. Moreover, the Slide-out Work Surface also creates extended workspace for healthcare workers.
