ELECTRIC CHILDREN WHEELCHAIR

Top Medi TEW110A(LE)-S Lightweight Electric Wheelchair For Children

DESCRIPTION

The Top Medi TEW110A(LE)-S Lightweight Electric Wheelchair is a reliable and comfortable mobility solution designed specifically for children. Its unique combination of lightweight construction and high-quality components ensures maximum safety and ease of use, giving young users the freedom to explore the world with confidence and independence.

KEY DETAILS

Foldable Design:

Easy to fold and transport, making it convenient for travel and storage. Weighs only 55 lbs., ensuring portability.

Removable Battery Box:

Allows for convenient recharging of the wheelchair's battery. Ensures you can keep the chair powered up without hassle.

Adjustable Armrests:

Flip-up armrests that can be adjusted to suit your comfort. Provides flexibility for various seating preferences.

Controller Flexibility:

Controller can be easily exchanged from the right side to the left. Accommodates different user preferences for controlling the wheelchair.

Long Driving Distance:

Offers a remarkable driving range of up to 12 miles on a single charge. Ideal for extended outings without worrying about battery life.

Motor and Parking Brake:

Equipped with two 250W motors from Taiwan for efficient power. Features an electromagnetic brake for secure and reliable parking.
