ENT HEADLIGHT

Description

The HEINE ML4 LED HeadLight is specially designed for healthcare professionals who need a perfect view during long surgical operations or treatments.

- Perfect fit
- Shadow free
- Adjustable spot size

Features

- Adjustable illumination spot size:
30mm to 80mm spot size range (at 420mm working distance) to fit any examination situation.
- Bright and homogenous illumination.
Absolutely bright light spot that is uniform from edge-to-edge for the perfect illumination in all examination situations.
- Stepless light intensity control.
Optimal brightness setting prevents reflexes.
- Flexibility.
Flexible Power Source Options: 100% mobility with a choice of cable-free mPack UNPLUGGED head-worn battery or mPack belt-worn battery pack.
- Coaxial illumination.
Coaxial design ensures a completely shadow-free image and allows for excellent illumination of difficult to see areas.
- Comfortable and secure fit.
The Professional L headband has multiple adjustment points and soft padding for comfort and stability – even during long examinations.
- Optional filters:
Polarisation Filter P2 improves contrast and yellow filter reduces blue light.
