HEAD IMMOBILIZER

SPENCER CONTOUR Anatomic universal head immobilizer

DESCRIPTION

Spencer head and ankle immobilizers are designed to help immobilize patients quickly and safely to the spine board. All the models we make are lightweight, waterproof, easy to clean and are built with an excellent elastic memory to better protect the casualty from accidental bumps. The head strap adapts to a patient's forehead, whereas hook and loop padding at the base guarantee quick immobilization.

FEATURES

- Openings for ear inspection
- Soft pillows to increase comfort
- Wide strap surfaces make the headblock positioning easier
- Adjustable frontal and chin straps with soft and high-adhesion paddings to optimize the immobilization
- Smooth surfaces for easy sanitation
- Central removable padded area for adult or pediatric use
