MASS CASUALTY KIT

The Mass Casualty (MCI) Emergency Workstation is a comprehensive mass casualty incidence management system that contains all medical supplies necessary for life threatening injuries.

The MCI Emergency Workstation is easily deployable in mass casualty incidence. It is easy to use and has visibility features to all.

Due to its easy transportability, there are several options for deploying this kit:

- Permanently Positioned – Shopping Malls, Schools, Transportation Hubs, etc.
- Pre-staged for Special Events – Stadiums, Arenas, Tent Events, etc.
- Transported by Vehicle – Carried on Emergency Response Vehicles.

FEATURES

- Mobile storage is a must for your alternative care site operations
- Light-weight and durable
- Cases are stackable for easy warehouse storage
- Padded recessed handles for easy movement
- Large heavy duty wheels provide easy rolling and locking
- Case offers large bulk storage compartment
- Includes pull-out trays, file folder and tool palette
