

MEDSURGE CRITICAL'S Advanced Life Support Emergency Bag

medsurge 
technics for life

CRITICAL'S Advanced Life Support (ALS) Emergency Bag.

Its honeycomb interior structure allows the user to quickly visualize and get the required material, including oxygen bottle and bag valve mask, to properly intervene in a situation where the patient is critical. It has several detachable compartments in different colours.

Affordable | Adaptable | Durable | Expandable.

FEATURES

- Padded handle
- High visibility night / day reflective stripes
