## **PRIMEDIC HEART SAVE AED**

### **PRIMEDIC HEARTSAVE YA**

**Primedic HeartSave YA fully automatic defibrillator/AED, DE**

#### **Description**

Save lives with the Primedic HeartSave YA - your reliable first aid defibrillator with automatic shock release! The Primedic HeartSave YA is the new generation of first aid defibrillators, developed in Germany for people like you. Regardless of whether you have experience or not, this device enables you to effectively and efficiently save children (from 1 year) and adults from sudden cardiac death.

## FEATURES

### **Easy to use:**

The intuitive handling guarantees that you can save lives even without training. Any electric shock that may be required is delivered automatically.

### **Versatile:**

Whether at home, in the office, on the construction site or in leisure facilities - the compact and robust HeartSave YA is your optimal protection everywhere.

### **Outstanding features:**

- 8-year manufacturer's warranty
- 4 years battery life (LiMnO<sub>2</sub>)
- 4 years shelf life for multifunctional electrodes for children (from 1 year) and adults
- Emergency kit included

**Technical highlights:**

- Biphasic, patient-friendly shock therapy
- Fast analysis and shock delivery
- 3 GB internal memory with USB port
- MDR-compliant medical device with CE marking 0123
- IP55 protection against dust and water jets
- Adaptive user guidance and volume adjustment
- Child-friendly shock energy
- 24/7/365 self-test

With the Primedic HeartSave YA you are well equipped to act quickly and effectively in emergencies. This state-of-the-art device adapts to your needs and gives you the security of reacting correctly in the decisive moment.

## SPECIFICATIONS
