HOSPYNEB PROFESSIONAL PORTABLE NEBULIZER

Description

The Hospyneb is a Professional aerosol therapy device. Quiet, with a painted metal structure, practical and simple to use, designed for outpatient and home use. Ultra-rapid and professional, it produces a fine medicinal aerosol that allows reaching even the lower respiratory tract, increasing the effectiveness of the treatment. It requires no maintenance. It filters the aspirated air through a replaceable filter. Accessories included: Side stream® nebulizer, nasal prong, mouth piece, adult and paediatric mask, connecting tube, Porex® filter, power cord.

Technical parameter
