

RHINO RESCUE

Tourniquet

RHINO RESCUE Tourniquet

Product Features

- **One-handed tourniquet:** Single route buckle design. Perfect for single surgery for life-threatening limb bleeding without accompaniment
- **V-shaped windless clip:** close the windless clip faster and easier than a parallel clip. Reduce difficulty and shorten the rescue time.
- **Reinforced anchor thread:** durable anchor winch rod that does not bend or break under pressure. The anti-slip design provides reinforced grip and a better hand feeling in actual operation.
- **Multi-purpose use:** 100% effective in blocking blood flow, quickly controls life-threatening bleeding. It is able to stop bleeding and save lives at the crucial moment! Perfect for military, household and outdoor exploration. Our tourniquets are fully adjustable to help in any situation.
- **Easier to carry:** Size: 6.3 x 2.75 x 1.97 inches, the small weight and small size allows medical tourniquets to be easily inserted into the first aid kit.

Technical Details
